

ZEVpoint

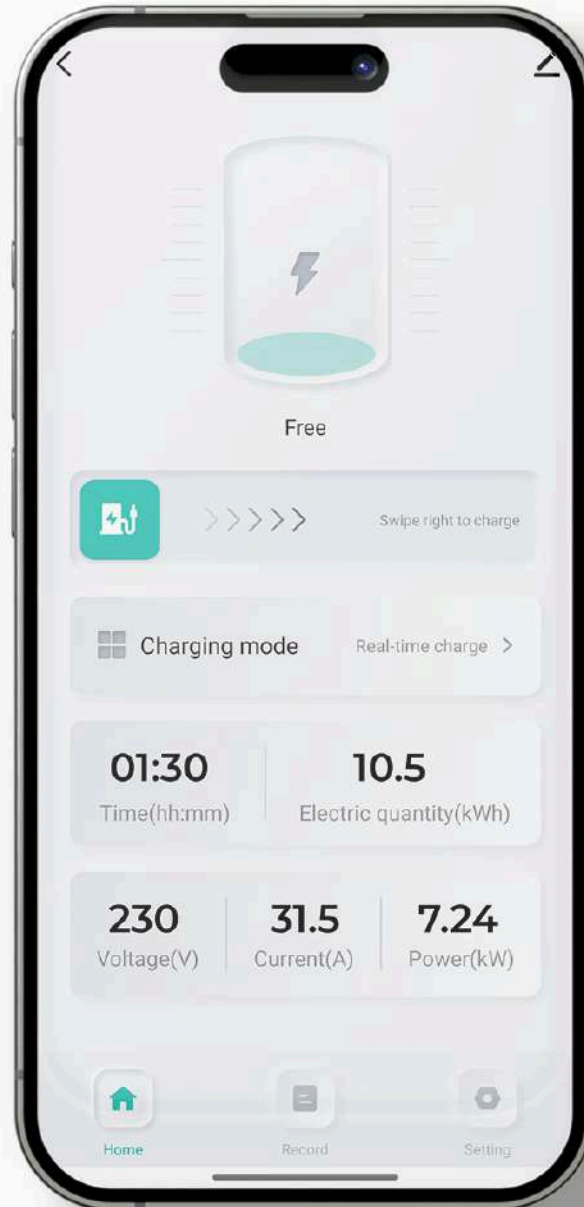

7.2kW
AVEO PRO
EV CHARGER

Remote Control

Switchable Current

Schedule Charging

AVEO PRO : TYPE-2 AC PORTABLE CHARGER

up to 7.2 kW (Single phase), Cable length 5M

Input/output

Rated Voltage	220V
Output Power (Max)	7.2 kw (1P)/16 Kw (3P)
Output Current	8A-32A
Charging interface type	IEC 62196-2
Input frequency	50Hz+1Hz
Communication Method	WiFi&Bluetooth
Charging Method	Plug & Charge/App Charging

Working Environment

IP Rating	IP65
Environment temperature	-35 to +80 C
Relative Humidity	5%-95%
Maximum humidity	<2000m
Cooling	Natural air cooling

Dimensions

Weight	3.5kg
Length of cable	5m
Dimensions of box	297 X106.6 X 53.8 mm

Functions

Smart LED	Yes(3 Color)
Current adjustment	Yes
OLED Display	Yes
Schedule charging time	Yes
App Operated	Yes

Safety

 Warning and Indicator Functions	 Short-circuit Protection	 Over Temperature Protection	 Leakage Protection
 Output Over-current Protection	 Input Under Voltage Protection	 Input Overvoltage Protection	 Charge Status Detection

Reliability

Warranty	24 Months
Safety Standard	EN 62752: 2016+A1: 2020, EN 61543: 1995/A2: 2006
